Someone needs to be an advocate for me, or I am going to die.

Seriously grave circumstances!

Hooray finally maybe..

The use of support ticketing at SoundCloud and at myHIVteam has indeed combined these matters.

You're included Cristina.

It's not going away.

I need a comprehensive person to receive this complex issue .

I need that to be incorporated into my medical care.

There is no ifs ands or buts about it..

This must be done..

This is an alternative email address for

Wesley Health Centers

twait@jwch.org

This should put that person into a support ticket. That support ticket has two other support people

SoundCloud support - for there are audios posted there to the needs of patient to bring forward these patient concerns - immediately!

myHIVteam support - site use has been restricted and it should be there's some interfering elements that needs to be human investigated and corrected.

I don't know what to do if they don't respond I'm just leave it open. I need somebody to actually contact these people and I need you to put yourself into the ticket which is open.

Please Christina,.

Use the multiple party support ticket that I received to communicate to so far who has put into view.

I am done with struggle to get communication standards enabled..

Every single thing that I do has an integrity problem that I can't trust.

Is them not me.

I have a feeling you knew me beforehand.

beforehand

who I was

(A targeted individual)

and the resistance that I had just to get to this point is amazing.

that you don't know,

If you don't straighten this up real quick,

you're going to be really really hurting.

To explain this record of what's going on here.

If you don't provide me with an access to medical care like normal without interference,

Everything and everyone corruptible do this cause?

This cause to insist that you kill me instead of providing me with a salad of care?

Oh my God you guys!

I already have contacted the HHS and the HRSA in the problem here locally trying to get a doctor.

You really should look at the Google reviews for prospect medical.

I think it all is laid out there pretty much confirmed what I said.

In all of my efforts in all of my efforts in this people,

Grammarly issued me a score in productivity.

They said to me:

Productively : New Record

You were productive than 99% of all Grammarly users.

Wow people wow.

I still have to deal with all the nonsense and deal with these people who think they are fooling somebody they're not fooling me for sure.

Y'all think you have it all worked out. To put into place and informational quarantine and the person can't get out of it.

I'm saying I'm going to just I can't believe it you have done this and it's active!

So Unamerican!

Every avenue that I reach to has been denied access to a normal considerate citizen to government to then medical Care and Doctor interface.

It's not my responsibility to actually adapt the change to this.

But you have a responsibility not to kill me.

Do not insult my intelligence.

Uber Transport,

From San Bernardino to Los Angeles and back,

The opening of the transport itself at least something was offered in view of difference (👉) that makes me think this is going to actually change.

I am lost to the fact that there is no video video evidence for what got into the record.

Scheduled as a original trip to Los Angeles appointment in person, 2A conference appointment..

That would not have happened if I didn't comment into this, question the facts of this, and say hey – to the alert notification channel that was giving me inaccurate information.

Where's the telemed information?

I did not visit their office.

This is all evidence for the record.

Truthfulness of the record.

I was told it's going to be a teleconference meeting.

Was scheduled and notice that I got said wear a mask.

James, please confirm your appt with Wesley Health Centers on Thu Mar 02 2023, 2:30pm. 954 N Vermont, Los Angeles, CA <https://well.app/Auy6Cy>
Reply Y to confirm, N to cancel.

James, your appointment is scheduled for Thu Mar 02 2023, 2:30pm at 954 N Vermont, Los Angeles, CA. Please arrive at 2:15pm. Please wear a face cover.

That's not an accident. That is actual conspiratorial actions in this I can tell.

I said in reply,

Could be a teleconference meeting right

Er (should),

I received no reply or know nothing nothing just a change.

I didn't get over sorry or nothing no human involvement at all in the conversation.

That's the key that why this is continuing on to be parts of a conspiracy.

Something about this does not solidly feel right. And that's not my responsibility to fix. It is my responsibility to make sure that I live and not die.

Gee whiz people when are you getting a clue this is so wrong so wrong with you all so wrong!

Hi James your telehealth enrollment appt from Wesley Health Centers on Thu Mar 02 2023, 2:30pm. Please be aware representative will call you from a private or block number at the time of telehealth appointment, so please have phone with you 20-15 mins prior to the call.

There are a couple of obtaining inquiries here that I put into the record. There's something you know I have to think that there's always something going to go wrong have to be double protected extra protected to make sure that everything's exactly perfect. Cuz something's going to go awry. I know it.

I said when I got the notice of change of appointment type,

I said,

I guess you actually do pay attention. Thank you

I am not really familiar with this technology. I do believe it's going to be all working because the last time I used it was fine.

A second reminder at 2:03pm,

Hi James your telehealth enrollment appt from Wesley Health Centers on Thu Mar 02 2023, 2:30pm. Please be aware representative will call you from a private or block number at the time of telehealth appointment, so please have phone with you 20-15 mins prior to the call.

I said,. At 2:34pm

Does this pass to a human?

I don't know exactly what I'm expecting it's 2:30 now and I don't know anything about this technology really

I took a snapshot of my settings to show that I definitely don't have blocked from unknown numbers on my phone.

This is a game a staging game who's going to upstage the next.

Seriously people I have to be this detailed to capture the fact that you're messing up. Seriously messing up. A single step of this.

I put into the record, at 2:38pm

I received no call no communication at all

This is what I received

Hi James, We have forwarded your inquiry to our administrator and enrollment representative from our Wesley Health Centers-Vermont to further assist you with your request and will contact you shortly. Thank you.

And the time went ticking by tick tock tick tock tick tock tick tock by.

That should have been a actual telehealth appointment.

It didn't happen the way it's supposed to.

We straightened everything out?

No we have not not even close.

I've pushed some information to that channel and it got bumped a few times it says didn't recognize something that's not.

I sent

I was told that I have an appointment on the 6th of March that was not in this notification channel can you please explain why there's an appointment scheduled outside of my own knowing?

But finally I got this as a response,

Hi James, We have forwarded your inquiry to our administrator from our Wesley Health Centers-Vermont to further assist you with your request and will contact you shortly. Thank you.

People please it's obvious!

I will not accept a substandard of care and will refuse to enable such pathways.

Diversions are extremely expected and I am completely completely armed ready and willing to go to court.

But I probably will die first before that could even begin the process

.

You have all really done fucked it up.

Seriously it's time to have a conversation about the heart of the matter.

And it's time to have a doctor in my care that can have an honest discussion.

Don't insult my intelligence.

Provide the access to care that I have the right to.

The legal definable right to.

The human definable right to.

Otherwise you're violating my rights.

I don't think that's very nice.

I don't think it's very nice that you're violating my rights so that I die.

Seriously

According to the law of the United States of America. Federal code section title 18 section 242. Deprivation of rights under color of law.

Should I die because of this particular problem of not being able to have adequate health care

for which my rights have been violated time and time again even up into perhaps Wesley Healthcare.

This is the law that is active current.

I just don't understand you guys.

I can't see how you sleep at night.

THE UNITED STATES
DEPARTMENT OF JUSTICE

DEPRIVATION OF RIGHTS UNDER COLOR OF LAW

SUMMARY:

- Section 242 of Title 18 makes it a crime for a person acting under color of any law to willfully deprive a person of a right or privilege protected by the Constitution or laws of the United States. For the purpose of Section 242, acts under "color of law" include acts not only done by federal, state, or local officials within their lawful authority, but also acts done beyond the bounds of that official's lawful authority, if the acts are done while the official is purporting to or pretending to act in the performance of his/her official duties. Persons acting under color of law within the meaning of this statute include police officers, prison guards and other law enforcement officials, as well as judges, care providers in public health facilities, and others who are acting as public officials. It is not necessary that the crime be motivated by animus toward the race, color, religion, sex, handicap, familial status or national origin of the victim.

The offense is punishable by a range of imprisonment up to a life term, or the death penalty, depending upon the circumstances of the crime, and the resulting injury, if any.

TITLE 18, U.S.C., SECTION 242

Whoever, under color of any law, statute, ordinance, regulation, or custom, willfully subjects any person in any State, Territory, Commonwealth, Possession, or District to the deprivation of any rights, privileges, or immunities secured or protected by the Constitution or laws of the United States, ... shall be fined under this title or imprisoned not more than one year, or both; and if bodily injury results from the acts committed in violation of this section or if such acts include the use, attempted use, or threatened use of a dangerous weapon, explosives, or fire, shall be fined under this title or imprisoned not more than ten years, or both; and if death results from the acts committed in violation of this section or if such acts include kidnapping or an attempt to kidnap, aggravated sexual abuse, or an attempt to commit aggravated sexual abuse, or an attempt to kill, shall be fined under this title, or imprisoned for any term of years or for life, or both, or may be sentenced to death.

Dear twait@jwch.org

For your immediate attention.

You are to immediately process the email that is attached by PDF in this support ticket carryover.

The original email was addressed and worded for the processing of patient centered communications onto Wesley Health Centers

There was no prior communications at all to this address.

This was my first contact.

And I don't not know exactly how the details to why...

But there's no reason for you to have already known in advance somehow to attempt to block.

A violation of my rights

My patient communications.

This is an Oopsy Daisy moment.
